

MARIUS PICARD

Computer Science & Cybersecurity Engineering Student — ENSICAEN

+33 6 51 13 62 87 | mar.pic@icloud.com | Lyon, France | [linkedin.com/in/marius-picard](https://www.linkedin.com/in/marius-picard)

EDUCATION

ENSICAEN – Engineering Degree, Computer Science & Cybersecurity	2025 – 2028
<i>French "Grande École" (Master's-equivalent, Bac+5) Caen, France Currently 2nd year (M1-equivalent)</i>	
Dual Degree – EM Normandie Business School (EMBS), Management	2026 – 2028
<i>Master's-level (M1/M2) program pursued alongside the engineering degree</i>	
Coursework: finance, marketing & commercial management, managerial decision-making, entrepreneurship and business creation, business English	
Preparatory Classes for the Grandes Écoles – Physics-Chemistry track ("CPGE")	2023 – 2025
<i>Two-year, highly selective full-time program preparing students for France's national competitive entrance exams to top engineering schools</i>	
<i>Lycée La Martinière Montplaisir, Lyon, France</i>	
Baccalauréat, European English Section – Highest Honors ("Mention Très Bien")	2020 – 2023
<i>Lycée Alexandre Lacassagne, Lyon, France</i>	

EXPERIENCE

IT Security Intern – ADENES, IT Security / DSI Team	Jun – Jul 2026
<i>Lyon, France 2-month internship</i>	
- Investigated and triaged employee-reported phishing emails, refining detection rules based on recurring indicators - Assisted in the rollout of passkey/MFA authentication for frequent-traveler employee accounts - Reconciled machine inventory between Lansweeper and Microsoft Defender EDR to identify unmonitored endpoints - Audited DNS records for adenes.eu (Cloudflare) to help reduce the organization's external web attack surface	

ACADEMIC PROJECTS

End-of-Year Coding Competition – Autonomous Racing Pilot (C)	2026
<i>3-person team Reached the semifinals</i>	
- Programmed an autonomous racing "pilot" in C competing head-to-head against pilots built by other teams - Implemented Dijkstra's and A* shortest-path algorithms to navigate the track under varying constraints	
Independent Research Project ("TIPE") – Mycelium Growth in Housing Environments	2025
- Conducted a literature review of scientific publications and designed experimental protocols - Analyzed results and presented findings to an academic panel	

TECHNICAL SKILLS

Programming Languages: C / C++, Java, Python, SQL, PSQL
Web & Markup: HTML / CSS, XML
Tools & Environments: Linux, Git, Vim, VS Code, MATLAB, Android Studio

EXTRACURRICULAR & ADDITIONAL EXPERIENCE

Treasurer – ENSICAEN Sports Bureau (BDS), student association	2026 – 2027
Manage the association's annual budget and partnerships as an elected student representative	
Observation Internship – Project Planning Firm, Construction Sector (Florès), Villeurbanne	2020
<i>Secondary-school observation internship (French "stage de 3ème")</i>	
Certificate of Musical Studies – Drums, Monchat Montplaisir Harmony Orchestra	2019

LANGUAGES

French: Native | English: B2 (CEFR), TOEIC 850 | German: Basic (school level)

INTERESTS

Competitive skiing, basketball, travel (Europe, Asia, Americas)
